The Scholarships

This year, we awarded scholarships from 32 different endowment funds. Each scholarship's eligibility requirements are established by the donor and may include GPA requirements; certain fields of study or college majors; graduation from specific Jackson County high schools; etc. Applicants range from graduating high school seniors, home-schooled students, students already in college, to adult returning learners. Applicants provide information about their extracurricular activities and work experience and write a personal essay about their educational and career goals. Nearly 70 community volunteers plus members of our Youth Advisory Committee read and scored all of the 243 eligible applications we received. Ultimately, 91 scholarships were awarded to 71 individuals totaling \$176,900.00

Early Bird Scholarship:

Alex Kranick submitted his application by the early bird deadline on February 1st and won a \$500 scholarship via random drawing!

Myer and Lois Franklin Scholarship:

Myer and Lois Franklin were lifelong residents of Jackson, Michigan, and were highly appreciative of the success they enjoyed as a result of the opportunities afforded them in the Jackson community. In order to give back to others, they chose to leave a legacy of education. As strong believers in the power of education, the Myer and Lois Franklin Charitable Trust was established to be utilized as a vehicle for providing scholarships to residents of Jackson County.

The ability to give back to the community and the right to an education for all was of extreme importance to the Franklin family. They created the trust to provide scholarships embracing all members of the Jackson community no matter what their background in an effort to promote acceptance and access to education to those seeking same. All scholarship recipients are expected to be role models for the Jackson community and to demonstrate the qualities and perform the activities which enabled them to be selected as an outstanding scholarship recipient. The Myer & Lois Franklin Scholarship is unique from other JCF scholarships. It is a private scholarship administered by the Jackson Community Foundation. The scholarship is for Jackson County residents and is renewable. For this scholarship, applications are limited to the first 200 received. This year 169 students were awarded scholarships. The total amount awarded was \$290,000.

Thank you Volunteers

Special thanks to our "Village." The following volunteers reviewed hundreds of applications to select our scholarship recipients. We truly appreciate each of you and your role in the scholarship process. If you are interested in helping us next Spring with this short and rewarding commitment, please email dashlock@jacksoncf.org for details! And if you are not sure, check out this wonderful thank you from one of our volunteers!

"First and foremost, I want to say thank you! There are so many bright and talented students in high school, and I wasn't quite prepared for the profound experiences this project would bring. Some of the issues these students face in life are incredibly challenging, yet they remain excited about the future. I laughed, I cried, and my heart broke for some of these families. The most significant thing I observed was their resilience and the tremendous impact teachers have on a community. I am proud to have served and helped review these scholarship applications. Just as these young students have worked hard to seek additional support through the Jackson Community Foundation for tuition and school, I dedicated my time to volunteer. Philanthropy was a huge take away through most if not all of these applications and we must model the behaviors we wish to see." Katie Bertke
